

**PRESS RELEASE**

**Another success for SPL Powerlines Germany in the Swiss local mass transit sector**  
**BLT Baselland Transport AG awards contract to renew tram overhead line system between Zoo and Binningen Oberdorf stops in Basel**  
**Contract volume for Powerlines: approx. CHF 1.3 million**

Wolkersdorf, 12.6.2019

The Powerlines Group has again been awarded a contract in the Swiss local mass transit sector via the German subsidiary SPL Powerlines Germany.

The BLT Baselland Transport AG contract involves the renewal of tram overhead power lines between the Zoo and Binningen Oberdorf stops in Basel. This section of the Basel tram network serves the no.10 and no.17 lines.

SPL Powerlines Germany is to erect 27 Peiner masts, install 35 aluminium double-track cantilevers and a total of 2.5 km of overhead lines. Construction work began this week and is to take place in the night outside normal hours of service. Work is scheduled for completion in November 2019.

Gerhard Ehringer, CEO of the Powerlines Group: "We have successfully implemented several projects in Switzerland via our subsidiaries SPL Powerlines Germany and Powerlines Products. I am particularly delighted about this project, as we have enjoyed a very good business relationship with BLT Baselland Transport AG for many years".

**Powerlines Group**

The Powerlines Group is an international corporate group active in the business segments RAIL, PRODUCTS and ENERGY. Powerlines is a system supplier in the RAIL segment and offers international customers a comprehensive range of services for railway electrification – including consulting and engineering, products, installation and maintenance – all from a single, reliable source. In the PRODUCTS segment Powerlines develops and distributes innovative components and complete systems for railway electrification. In the ENERGY segment Powerlines designs, installs and maintains high voltage transmission lines for energy providers. Powerlines Group is one of the market leaders in railway electrification in Central and Northern Europe and in the UK.
